Welcome to the CA - CareMail specs.

This site is the source for the concepts and UX/UI designs.

The specs herein are generated from an interactive and navigable prototype. It functions like any website, but there is no connection to a "backend." They are intended to guide the developers in their build.

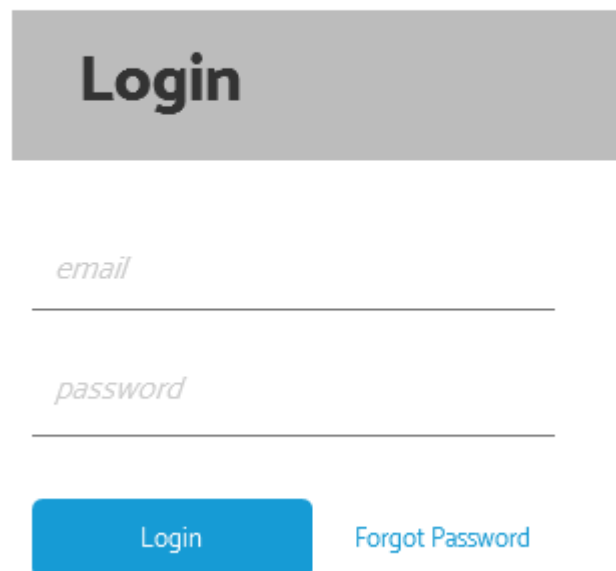

It can be found at <http://s8ve9s.axshare.com> Password: Parent

You can use the site map on the left to navigate or click on the areas that look like links or buttons.

1.3 LOGIN WIREFRAME

1.3.1 USER INTERFACE

PORTRAIT PHONE

A wireframe for a login screen on a portrait phone. It features a grey rectangular header with the word "Login" in bold black text. Below the header are two input fields: the first is labeled "email" in a light grey italicized font, and the second is labeled "password" in the same font. Both labels are positioned above their respective input lines. At the bottom of the form, there is a blue rectangular button with the word "Login" in white text, and a link labeled "Forgot Password" in blue text to its right.
