Tasks in Progress

The screenshot displays a web application interface for managing tasks. The top navigation bar includes links for Projects, Issues, Boards, Structure, and a Create button. A search bar and a Board dropdown menu are also present. Below the navigation bar, a list of filters is shown: Michael, Steve, Paola, Garrett, Only My Issues, and Recently Updated. The main content area is divided into two columns. The left column lists several tasks, each with a status icon, a title, a 'My Profile' button, and a 'Design Backlog' status. The right column provides a detailed view of a selected task, including its title, description, acceptance criteria, and a comments section.

Task List:

- CGI-4 Login functionality
My Profile
Design Backlog - None
- CGI-2 Initial Frontend Setup
Login
Development Backlog - None
- CGI-7 As a birth parent i want to access my profile so i
My Profile
Design Backlog - None

Backlog of Items

The screenshot displays a JIRA web interface. At the top, the browser address bar shows the URL: `https://jira.rapideforward.com/secure/RapidBoard.jspa?rapidView=230&projectKey=CGI&view=planning&selectedIssue=CGI-7&epics=visible`. The JIRA navigation bar includes links for History, Bookmarks, People, Window, and a 'Create' button. Below this, a 'Backlog' section is visible with a search bar and quick filters for Michael, Steve, Paola, Garrett, Only My Issues, and Recently Updated. A sidebar on the left lists 'EPICS' including All issues, Initial Frontend Setup, Login, My Profile, General Project Setup, and Issues without epics. The main backlog area shows a list of issues: CGI-4 Login functionality, CGI-2 Initial Frontend Setup, CGI-7 As a birth parent i want to access my profile so i can update/view once or more a week, CGI-8 As a birth parent i want to update my profile once or more a week, CGI-9 As a birth parent i want to access my plan(s) so i can update/view once or more a week, and CGI-10 As a birth parent i want to send a private message. Each issue has a 'My Profile' button and a 'Design Backlog' status of 'None'. A detailed view of issue CGI-7 is shown on the right, including its title, description, acceptance criteria, and a comments section.

Slack Communication

The screenshot shows a Slack channel named 'client-cgi' with 12 members. The channel topic is '<<https://github.com/surgeforward/CGI-ADPQ>>'. The conversation is dated May 25th. The messages are as follows:

- Michael Dominick** 8:48 AM: fast question
is it always one caseworker per household?
- Garrett Maudsley** 9:11 AM: set the channel topic: <https://github.com/surgeforward/CGI-ADPQ>
- Garrett Maudsley** 9:12 AM: set the channel topic: <<https://github.com/surgeforward/CGI-ADPQ>> Spec URL: http://s8ve9s.axshare.com/#g=1&p=home_1 PW: Parent
- Garrett Maudsley** 9:13 AM: set the channel topic: <<https://github.com/surgeforward/CGI-ADPQ>> Spec URL: <http://s8ve9s.axshare.com/> PW: Parent
- Michael Wirth** 9:21 AM: A household might have multiple caseworkers
different kids might have different caseworkers
That address your question Michael?
- Michael Wirth** 10:03 AM: Team - 26th is the last day we can ask the state questions. If you have any - let Paola or I know
- Michael Dominick** 10:07 AM: yes

Agilely they went along...
